

CITY OF NORTH BONNEVILLE
RESOLUTION 589

**A RESOLUTION OF THE CITY OF NORTH BONNEVILLE AUTHORIZING THE
ADOPTION OF A GREENHOUSE GAS REDUCTION POLICY.**

WHEREAS, the City of North Bonneville is a Washington Municipality as defined in RCW 39.04.101; and

WHEREAS, the City Council finds that the State of Washington has charged all state agencies with reducing the production of greenhouse gases under Chapter RCW 70.235. through programs that provide economic, and quality of life benefits intended to reduce energy bills, preserve green space, improve air quality, promote transportation choices and sponsor economic development through energy conservation and creation of new energy sources; and

WHEREAS, the City Council find the people of the City of North Bonneville will gain from policies and procedures that benefit its natural resources and reduce greenhouse gas emissions; and

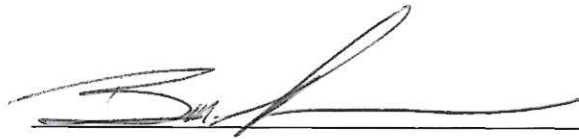

WHEREAS, the various funding authorities have made adoption of a greenhouse reduction policy a prerequisite to application submittal.

NOW, THEREFORE, BE IT RESOLVED, the City Council of North Bonneville, Washington hereby declares the following policies and procedures are adopted:

1. Ensure new publicly funded buildings include cost-effective, energy-efficient design.
2. All existing public buildings should be retrofitted with energy efficient applications as the opportunity and funding allow.
3. Manage street and walking path lighting needs by encouraging lighting standards and using lamps that will ensure safe and effective illumination at minimum cost and energy use.
4. Maintain the efficiency of the pumps in water and sewer systems and operate them at peak efficiency. When cost effective options are possible, the one using the least amount of energy shall be preferred.

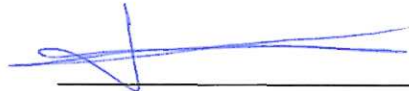

5. Protect and enhance the environment and public health and safety when providing services and facilities.
6. Provide safe and convenient paths accessible for pedestrians and bicyclists throughout the City.
7. Consider energy conservation actions to raise public awareness of the value of wise energy use.
8. Encourage energy conservation practices in buildings by raising awareness of employees' own energy use.

PASSED IN REGULAR SESSION BY THE CITY COUNCIL ON OCTOBER 28, 2025

Brian Sabo, Mayor
