City of North Bonneville

August 2020

A Message from the CAO

BE SAFE, HAVE FUN!!!

I hope you are enjoying the beautiful sunshine and able to get outdoors and recreate! It has been an odd year due to Covid-19, but there are still so many things you can enjoy while distancing! There is something to be said about the beauty of the Gorge, whether you are just taking in the views or out on an adventure!

I say be safe because I went floating on a river I have floated many times and was being a stinker about wearing a life jacket.. My guy said he was worried and asked me to put it on as we approached the rapids I had gone easily over many times before… I'm sure glad I did! Before I knew it, I was underwater and hit my head, not once, but twice on the rocks below.. Lost my sunglasses, a shoe, and some pride. BE SAFE!

To be safe this summer, please remember the following:

Sunscreen, life jackets, fire safety, insect and plant safety, hiking safety… Better safe than sorry when you want a good time to stay a good time!!!

Also, please be aware that the park has hornets nests. Call City Hall to report any large nests so that Public Works can put up signage and handle the situation. Thanks!

~ Deanna ~

NO DUMPING!!!

On various occasions it has been discovered that people are dumping debris into the wooded areas behind Greenleaf and other public greenspaces.

The City of North Bonneville would like to remind everyone that there is NO DUMPING allowed in any area of the city, aside from general yard debris and trimmings that may be dropped at the Public Works shop during certain times of the year. If you have debris to haul, please contact City Hall or Public Works to arrange a time. Ability to dump depends on the current status of the burn pile and sometimes is restricted due to burn bans.

Thank you for respecting our city and fire safety by not dumping in no-dump zones!

August 2020

Important Dates

City Council Meetings
August 11th & 25th- 7pm

Construction Alert

There are various projects taking place around NB over the next several months. We are very excited about possible upcoming developments that may now take place due to the PUD winning a grant to increase substation power for future tenants! Please be patient and remember to drive safely when passing workers!

STAY TUNED

Bigfoot Adventure Park is still in the works! All input is welcomed!!!
https://bonnevilletrails.org/

NOTICE:

SUMMER WATER RATES ARE IN EFFECT NOW!!!

Through the end of this month, your water rates are $1.05 instead of $2.00 per 100 Cubic Feet!!! This ensures that we can keep Bonneville green to avoid fire danger during our summer months.

Dry grass, debris piles, unclean gutters, are all tinder boxes for fire! Be sure to protect your property and those around you!

GUIDE CHARTWELL THE ADVENTURER THROUGH THE CLIFF MAZE TO THE TREASURE CHEST BELOW.
