

City of North Bonneville Resolution Number 492

A Resolution of the City of North Bonneville, Washington establishing a Land Use Application Fee Schedule and repealing Resolutions 421, 425, 440, 441 & 471.

Whereas, it is important for a Municipality to be transparent in its dissemination of public information, and;

Whereas, it is difficult to share information with the public about the City's various rates, charges and fees because they are buried away in many different sections of the municipal code, and;

Whereas, the City believes it would be helpful to place all of the City's land use application fees in one location for ease of public accommodation, and;

Whereas, the City desires to update and put all adopted fees established by the City in one resolution.

Now, therefore, be it resolved, the City Council of North Bonneville, Washington determines to rely upon an adopted fee schedule to accommodate the public.
