“Engaging in business”

A. The term “engaging in business” means commencing, conducting, or continuing in business, and also the exercise of corporate or franchise powers, as well as liquidating a business when the liquidators thereof hold themselves out to the public conducting such business.

B. This section sets forth examples of activities that constitute engaging in business in the City, and establishes safe harbors for certain of those activities so that a person who meets the criteria may engage in de minimus business activities in the City without having to pay a business license fee. The activities listed in this section are illustrative only and are not intended to narrow the definition of “engaging in business” in subsection (A). If an activity is not listed, whether it constitutes engaging in business in the City shall be determined by considering all the facts and circumstances and applicable law.

C. Without being all inclusive, any one of the following activities conducted within the City by a person, or its employee, agent, representative, independent contractor, broker or another acting on its behalf constitutes engaging in business and requires a person to register and obtain a business license.

Such activities do not include those in subsection (D.). The City expressly intends that engaging in business include any activity sufficient to establish a nexus for purposes of applying the license fee under the law and the constitutions of the United States and the State of Washington.
